

Recognising vegetables

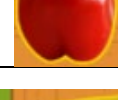

This game is ideal to play with children after they have played on the Vegetable Maths Masters app.

In the app children will be told the names of various vegetables. You can then explore which vegetables children can name and whether they have eaten them before.

	Do you know the name?	Have you tried this before?
		
		
		
		
		
		
		
		
		
		

Answers: names of vegetables

	Cauliflower
	Sprout
	Mushroom
	Aubergine
